change religions, they can change the polarity of their soul-type. Again, your soul knows what it's here to accomplish. I already knew what I wanted from the magickal halfå¢Â¢Â¬Â¢Ã vÂI wanted to approach adepthood. The author's desire to preserve his mystique may have caused him to leave out some practical information, and some intense workings were mentioned and expounded upon a bit, but were never really given the kind of attention they deserved, considering their gravity. Later we'll see how to awaken these hidden faculties while most others prepare to sleep or after they've drifted off. This is taken an extra step in mystical paths like Wicca, which embrace magick (often spelled, as you may know, with a final "k" to differentiate it from stage magic). What makes someone a potential nightkind or Nocturnal Witch? It wouldn't do to try and be a doctor, lawyer, missionary, and mechanic in one life, for instance. In other words, we come to see that there are four categories of individuals possible, and that people in each type can possess varying degrees of the category's essence. Most relevant here was the access I had to richly illustrated books that my dad's mother would bring when she visited. The world is full of brightness and shadow, and energies that sympathetically vibrate with these polarities. We will explore later the concept of striving toward spiritual mastery, and introduce ways to access the energies of the Gods and Goddesses while we're still alive. This is the reason that voodoo dolls work, for example. A Personal Take on a Soul-Type Now, who are the good-dark? Because of karma and our accountability for all our actions, walking one of the two evil paths described earlier always leads to ruinâ¢ÃA¬Â¢ÃA¢Âin this life or the next. In chapter 3, we will take a brief look at how I met the gods and goddesses of the night and delve into how you can contact them. It is a book to choose from; Read the thought-provoking plays, try to use the bits on the drama without lodging your head in your ass, and be ready to ignore any pretensions. People in this category include many (but not all) wiccans and so-called New Agers. As a child, I read stories from Greek mythology and believed that gods and goddesses were real. Because I never completed. You will realize that this assumption is a fact later, through first-hand experience. The most important aspect of magic worth pointing out here, however, is that we can use it to help us improve ourselves and become more attuned to divine energies. While the night calls you, answer. We are more than ever in an age of free thought, and that is why witchcraft and other avenues that allow its practitioners to take responsibility for their actions are becoming more accepted. In retrospect, I realize that writing that the book Inanna could have helped me immensely. The vertical pair represents our success or failure as human beings and immortal souls. And one of the largest groups not to officially accept the reincarnation of Christians seems to contain more than a few who embrace the concept. Witchcraft and a healthy respect for karma can help us get there, however. Some of us are better or worse than others, others more attracted to darkness or light, but we still fall somewhere into one of the four types of soul. What are the penalties for casting a spell on someone or waving a fist at him or her? It began to make sense that the world had been worshipping the same divine energies for millennia, only using different names for them. Do not fear it, but equally - It. Although I was born in the United States, all my Famãlia came from the Grand Cia. Although I could argue that through a study of the Greek gods I was connecting to a part of my inheritance, I could not explain my interest in other gods and goddesses, first the suuming deities and then © Even the egos. Wait for a try, in fact. And this is probably not the first time you made such a choice. Imagine a cross of brain equal to it in the blank padga is your left, pure black on a white background, like the paint in this pânão. Konstantinos writes for people mainly within Wicca tradition who feel at home with the night and the lunar energies. And even if we are in our last incarnation, our souls do not lie to us. Well, this is outside the scope of this work. You will be experiencing the night nature, which may be your nature. Let's play briefly about the first three, then focus more intensely on the last one ¢¢¢¢Ån¢¢¢¢Ån¢¢¢¢Ån\$ SIMPTICAL Our work with these elements will, for the most part, be limited to their influence on a mother's cranculum. How many people are in this way believe or adhere to concepts simply because someone or any organization tells them â € œThi is the way that is â €? This is the simplest way to illustrate a principle that has confused humanity for themselves. But even using magic or not, we can not expect to become perfect even over a 120 -year record. This is good, when you are planning to work with natural magic or herbalism, for example. And while I have never sent an â € œIn € at anyone, during the moments in my life when I have succumbed to positive ways to act the consequences. The The Soul type if you focus on a moment in the white space around our simple diagram, it will be composed four quadrants. Some of these rituals take "as they attract" one step further, based on days or hours of the day that correspond to specific planetary energies. The daytime world is, for most people, the time when worldly (but generally necessary) tasks are performed. The dark fascination is not something that you grow when you are part of your "call" or proportion of life. In this way, in the early 1990s, I began to find it difficult to balance my dark interests with the inherent brightness of the most iterations of modern paganism. Try. The way of the night may much be of illuminance. Have you heard of the law of TRANS? As far as I can say from my sources, many of which will be clear to you later, this is how reincarnation works. But none of these options we make into consideration how we will work with the fanic plan to a greater degree, turning off access to the most subtle senses and powers. He states that what you do or send will return to you, sometimes it is, this is lamentable, as we suggest, because it may mean that someone is going from one of the good types to the evil side. I understood? As we will come to the next chapter, the names given to gods and goddesses do not imply that there are thousands of these beings that fight for power. After a few years of involvement, I wrote my first book proposal. And you will explore the mystance of death and talk to the dead. I am in no way introducing the concept of the four soul types to put people in sterects they need to follow. As for how many Christians feel that way. Maybe it was sometimes stronger? Also possible, however, to go dark light, or or and remain good. Evil-leo people can gather around all the pitfalls of asceticism and harmony, or just what the masses perceive as brilliant and positive. The dark and clear energies are the corridors that contain these doors. We must completely experience certain aspects of life every time we return. Let's continue now with a look at how the nature of the night fits with the princes of witchcraft. In fact, this guide can be considered as a fundamental Wicca primer, except for the fact that Konstantines turns to night -based rituals and especially, but not exclusively, for Egyptian pantic panthers, grain and su; © Ria to take advantage of good human desires for the yoke of deities such as hypnos (personified night), Pasht (dark moon), anna (full moon), kali (protection), persuading (descent and rebirth) and Dwarf (underworld and death). The dark balances the light. But at the end of the facade, the evil light gave up trying to be better individuals. Everything in this book will work better after the sun has been put, regardless of the moon phase. However, as my longtime readers know, this book has never been launched. Having identified the types of calls that feel good, I will refrain from giving many examples of who these people can be. For example, if your proportion in this life is having a satisfaction relationship, perhaps because you betrayed someone in a past life, you would probably now face an attemption of infidelity that is much stronger than what It made him lost when you lived in another one is a peck. Anyone who is moral, loves the brightness, and spreads the joy honestly is good. On the other hand, the good darkness that can achieve the ultimate goal of adhesion or spiritual domain do not attract such attention, being mainly silent about their achievements. If our highest goal is to meet with the source, we have to become more like the Success or failure, and the path we have traveled to reach cei¬Â Still a goal is not in itself a religion. Allow me to violate the traditional writing style here. The horizontal pair is light/dark, with light on the left. While this book did a lot to touch on some aspects of practice that are left out in cuter works, for the most part I felt that this was aimed at the "Gothier than you" crowd, and I found the tone a bit presumptuous and annoying in some places. For a Night Witch, it's just a matter of waiting until night. This is the main reason why there are so many traditions, ranging from the Alexandrian to the Celtic to the Dianic, and so on. The horizontal pair determines the path we take as we advance through a certain stage of our development. Are you attracted to the same books, the same practices? How else could the universe teach us the lessons we are sent here to learn? After all: You chose to be the way it is. Religion is that part of your path that helps you keep in touch with the Divinity while you are trying to finally reunite with it. More on this in chapter 13, however, when we discuss life after death. >a (Feb.) THE POWERS OF THE NIGHT Energies differ from those of the Light of Day and the Witches have long known how to take advantage of the Lunar Powers and the spiritual entities that prefer darkness for certain magical operations. The numbers are decreasing. It's sharing time. This is a good time to say that I will never ask you to take my word for anything I write in this book (or any other). We will still go over some of the basic concepts in this book, and all the chapters in the first part contribute to this groundwork. Of course, you are free to choose whichever religion is right for you Witchcraft is not the only way out there. Each of the poles of this simple cross represents a pair of opposites misunderstandings. Unfortunately, most people don't aware of the nature of soul types and confuse the good and dark as being "bad."This is not surprising considering that evil people like the devil worshipers levAssop oremoAn roiam o arap rirba son euq somet E. roc a arap omoc e, siautir snugla arap( aul ad esaf a riuges euq ret iav 3Ås aAcoV. sopmet sod s©Avarta sasueD e sesueD soa sodad marof euq sodatimili sotubirta a sodagil o£Ãtse euq semon soremºÃni solep odaicnedive omoc ,odut ©Ã etnoF A â.etneirepxeinmoâ sanepa .)otroba ed sacinÃlc maiedrabmob euq adiv-³Ãrp ,olpmexe rop( soiem so racifitsuj mif o maxied euq sotsuj satsivita riulcni edop lam od zul artuO .siamronarap socip³Ãt e ega wen omsitluco me odicehnocer atsilaicepse mu ©Ã sonitnatsnoK O .arreT an otnauqne saicnªÃirepxe ed amag atelpmoc siam a ret somedop euq odnitnarag somatse, adiv adac me saralc uo sarucse setnerroc moc rahlabart oA .avitisop acit©Ã e otanasetra ed sianoicidart setnerroc moc otnujnoc me etnematiefrep anoicnuf adnia ele ,acciW ed samrof sartuo me rartnocne edop aÃcov euq od etnerefid e oda§Ãnava siam ocuop mu ©Ã saÃrt e siod setrap san odnalever ratse uov ue euq o arobme, ossid m©ÃlA .socisÃf etnemarup uo sonadnum sohlabart arap otnat elav ossI â.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI â.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI â.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI â.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI â.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI â.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI a.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI a.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI a.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp aÃcov euq acis¡Ãm so§Ãrofse arap otnat elav ossI a.tnaw ey tahw ekam ,enon mrah ti nAâ :setna uortnocne ¡Ãj etnemlevavorp a Acis ¡Ãj etnemleva ¡Ãtse nacciW odom od o£Ã§Ãaroc oN .aicnªÃirepxe a odnamahc m©Ãbmat ,iuqa arutsim a arap saiedi sahnim sad samugla ranoicida sanepa uoV .soruj moc sovitisop sotid©Ãrc ralumuca ªÃcov e ,seµÃ§Ãa saob razilaeR ;psbN & .edadniviD ad sevel sotcepsa so sanepa euq od siam maraemon e maracifitnedi sele euq ossi rop ©Ã e ,onruton ohnimac od otiecnoc o meb maidnetne sogitna sO .racifitnedi ed sopurg ortauq sod licÃfid siam o e zul-aob ad ariehnapmoc artsinis a ©Ã lam-zul a ,odaicnegilgen opit mU .zul-lam rabaca ed etneced ecnahc amu ¡Ãh zul-mob res me essahlaf m ©ñugla es ,ohnimac mu moc odroca ed reviv ed odnalaF. avatse ele atierid à uo adreuqse à e ,oxiab arap uo amic arap ortnec od aicn¢Ätsid a uo ,Y e X sadanedrooc saus ratona rop otnop mu airacram aÃcov ÃA .artsinis adnagaporp aus a rahlapse ed sedadinutropo arap setnaligiv erpmes odnatse ,ocilbºÃp od o£Ã§Ãneta a experiences, taking from them all µ we can read. I'm not sure if this could ever be quantified, but the general idea is that if you do a certain amount of good or evil in the world, even more good or evil will return to you. Consider how different you may feel from even others you've met who are involved in the occult. Evil-light can even encompass corrupt executives who give to charity (as a good tax write-off) and frequent merry parties and even church, but who cheat in their business and personal dealings without regard for others. I'm relaying the information regarding soul-types as a gentle reminder that the dark and light energies represented in our cross icon are powerful, and that it's best to work with the energies present in your life. Some may argue that it's important to work with different interests. The closer to the center one is in either axis, the more neutral he or she is with respect to that axis's pair of energies. Instead, I turned away and tried to explore where I fit into the religious half of my mystical path. Here goes . In Wicca I found a religion that not only embraced magick, but which also was based on the belief that the Gods and Goddesses were real. Through an understanding of the symbol you'll master an occult truth. In the realm of the occult, evil-dark individuals can be the often harmless devil worshippers who value material goods and fun over their souls and the welfare of others, or can be the more sadistic individuals who perform black magic and human sacrifice. I'm ready to let you prove to yourself that what I say is true. Karma is like a cosmic bank account of spiritual credits. Just so we all see the diagram the same way, let's label it. But following lunar phases is not yet necessary for all the works in this book; instead, the phase of the moon is only useful for certain works. Although these two pairs work together in a way that we will explore here, they are not the same. But I don't need to walk a spiritual path to be in this category. I cannot think of a better definition. For the time being, bear in mind that there is one final reason to move up good half of the pole in the vertical pair. Finding Zeus and his panther was not easy. This is the true prop³ ution of most positive religions in the world, including Wicca, where we realize that the Source has male and female aspects. Listen, some people are people of the day, and while the author tried to restrain himself, there was a little too much "What a special Hot Topic snowflake I am!" in this I take seriously. He reiterates throughout this manual, however, that taking the power out of the energies of the night is not the same as pretending to do obscure actions. His ceremonial instructions are clearly described, but the main flaw of the book is that readers should recognize themselves as "good-dark." They are inaccurately waved with not much more to continue than "Do you dress in black? I have a simpler request to make of you. How I wish someone were there to tell me: When the essence of shadows and darkness enables you, even though you do not feel evil, you are very dark. Starting at the top left of the white space of the cross and moving counterclockwise, the four types of soul are: light-of-evil, dark-of-evil, dark-of-e presumptuous and annoying in places. Making positive mothers to others, for example, has always resulted in more than just good feelings appearing in my life. When I first found the religion, it seemed ideal for me. Remember that the goal of all religion is helping us to meet with the Creator. Night witches can use all forms of magic, it is of course, and that they exploit all kinds of hidden techniques. The names of God and Goddess, as we will see, are only healthy keys that open doors to divine energy. Personal experience has shown that this is the case, even if I cannot guarantee an exactly triple effect. But to succeed with the advanced techniques in this book, you will not need to worry about what day of the week performing a rite or what variety of colors to use in a job. So, whether you are dark or clear, try to stay at the top or good side of our Cruz. Maybe I can save you a little about the search I went through. â € œWhy about the shadows and darkness, but you do not feel bad, you are a good dark, writes Konstantinos (vampires; invoking spories), by calling believers to the practical of the nightly witch. You chose, before entering this world, what is darkened or clear, to surround yourself. It is the tradition that naturally adapts to the spiritual and fanic needs of many Nightkind. What was â € œIr.
